			Yes	No		Yes	No
Engineering	Section 9(2)	(a) The facts relied upon to show that the proposed new construction is or will be required by public convenience or necessity.					
		(b) Copies of franchises or permits, if any, from the proper public authority for the proposed new construction or extension, if not previously filed with the commission.					
		(c) A full description of the proposed location, route, or routes of the new construction or extension, including a description of the manner in which same will be constructed, and also the names of all public utilities, corporations, or persons with whom the proposed new construction or extension is likely to compete.					
Engineering	807 KAR 5:001: Section 9(2)	(d) Three (3) maps to suitable scale (preferably not more than two (2) miles per inch) showing the location or route of the proposed new construction or extension, as well as the location to scale of any like facilities owned by others located anywhere within the map area with adequate identification as to the ownership of such other facilities.					
Financial Analysis		(e) The manner, in detail, in which it is proposed to finance the new construction or extension.					
Engineering & Financial Analysis		(f) An estimated cost of operation after the proposed facilities are completed.					
Engineering	807 KAR 5:071: Section (3)(1)	(a) A copy of a valid third-party beneficiary agreement guaranteeing the continued operation of the sewage treatment facilities or other evidence of financial integrity such as will insure the continuity of sewage service.					
		(b) A copy of a preliminary approval issued by the Division of Water Quality of the Kentucky Department for Natural Resources and Environmental Protection approving the plans and specifications of the proposed construction.					
		(c) A detailed map of the sewage treatment facilities showing

		location of plant, effluent discharge, collection mains, manholes, and utility service area.					
Engineering & Financial Analysis		(d) A detailed estimated cost of construction which should include all capitalized costs (construction, engineering, legal, administrative, etc.).					
Financial Analysis		(e) A financial exhibit as described in Section 6 of 807 KAR 5:001.					
Financial Analysis		(f) The manner, in detail, in which it is proposed to finance the new construction, specifically stating amount to be invested, recouped through lot sales, or contributions (to be) received, etc.					
Financial Analysis		(g) An estimated cost of operation after the proposed facilities are completed.					
Financial Analysis		(h) An estimate of the total number of customers to be served by the proposed sewage treatment facilities, initially and ultimately the class of customers served (i.e., residential, commercial, apartments, recreational, institutional, etc.) and the average monthly water consumption for each class of customer.					
Financial Analysis		(i) A copy of the latest tax returns (federal and state, if applicable) filed by the applicant.					
Engineering & Financial Analysis		(j) A detailed depreciation schedule of all treatment plant, property and facilities, both existing and proposed, listing all major components of "package" treatment plants separately.					
Financial Analysis		(k) The proposed rates to be charged for each class of customers and an estimate of the annual revenues derived from the customers using the proposed rate schedules.					
Legal		(l) A full and complete explanation of corporate or business relationships between the applicant and a parent or brother-sister corporation, subsidiary(ies), a development corporation(s), or any other party or business to afford the commission a full and complete understanding of the situation.
